Meet Appload and try content downloading on 3GSM in Cannes!

Appload will be at the show to present our solutions and to demonstrate content downloading together with our partners, Siemens, SmartTrust and Netsize!

3GSM in Cannes is an important industry event and we are excited about going there to show the many possibilities and the fun about content downloading. You can meet us in person in Hall no: 2 at stand F27 (Siemens Mobile Acceleration). There we'll be presenting our solutions and we are happy to answer any questions that you might have.

We are also proud to be the solution chosen for demonstrating content downloading at 3GSM by Siemens, SmartTrust and Netsize. You are welcome to see the Appload Content Server (ACS) in action:

- Siemens Hall 1, stand A8
- SmartTrust Hall 1, stand B21
- Netsize Hall 3, stand H44

Welcome to enjoy four days filled with information, entertainment and communication focused on today's challenges and tomorrow's opportunities in the field of mobile communication!
